

# ZTag Arena - Space Requirement

ZTag is versatile; we've run successful games in rooms as small as 40 ft by 40 ft with up to 20 people (5 actors and 15 players) at a time. <https://youtu.be/QCiXmSJJZfQ>

We recommend that the field have enough space for people to safely run, while also providing places for players to hide.

The following is a sample field (approximately 100 ft x 50 ft) which comfortably accommodates 3 actors and 40 players:

A larger venue with more obstacles and places to hide would provide for an even better customer experience. We have found that paintball / airsoft fields work great because of the varied terrain and obstacles that are already in use.
